Since the Alden Fruit and Taro Company removed to No. 125 Fort street, three doors above the Shooting Gallery, they have been visited by nearly Three Thousand persons. These visitors have called to witness the new method of making Poi out of the celebrated Taro Flour, and in all cases have gone away satisfied that the Poi thus made cannot be excelled. It has been proved that Taro Flour eaten in any shape is a sure preventive against Typhoid fever. Call at the Company's office and satisfy yourself.

A Fire.

A Chinese Funeral.

Yesterday afternoon about half-past two o'clock a Chinese funeral was seen going out Nuuanu street for Manoa Valley where the Chinese generally bury their dead. The procession was headed by a hack containing a gong and two Chinese drums all of which were kept alive with noisy rivalry. The usual amount of roast pig and other edibles were in the train. Half a dozen carriages carried the mourners who expressed their grief by dropping bits of red printed paper out of the windows.

The New Restaurant.

A new restaurant will be opened by Pratt and Byng in the store on Fort street, opposite the Pantheon saloon, this morning. The proprietors of the new enterprise gave the public an ice-cream treat at their place of business last evening, to introduce themselves to their future patrons. One feature of the new business will be that the customers will be served with the many palatable dishes made from the taro flour. The restaurant is neatly and artistically fitted up, and the Press wishes the proprietors success in their new enterprise.

They Say:

That all are now agreed in the Legislature as to what constitutes an apology; that the *Friend* for June is out on time; that the entertainment at Kawaiahae Church yesterday afternoon was a big success; that the new Brewery bill was read in the House yesterday morning; that it is understood some of the Opposition members will support the bill; that if such a bill becomes a law, it will be found to be a practical solution of the "gin problem"; that a little four by ten sort of political bigotry is showing itself again in Honolulu; that the last of the reporters who reached the House yesterday afternoon, was entirely too late to take notes; that the Emmet and Branscombe variety show at the Opera House next Saturday evening will draw a large audience; that the Legislature will meet at ten o'clock this morning; that it took two adjournments yesterday afternoon to satisfy the members they had complied with the rules; that the report of the Committee on Finance will be delivered in installments; that the candies manufactured by Horn are the freshest and best in Honolulu; that the Legislature will probably adjourn by the 15th of July; that the present is the thirtieth year of the reign of Kala-kaui; that the new club house put up at the race track obstructs the view from part of the grand stand; that the new restaurant on Fort street gave away a big tub of ice cream last night; that the recently published "Ideal Trip to the Volcano," will be issued this week in pamphlet form; that there will be another *luau* held during next week; that the variety show Saturday night will be accompanied by a string band; that the alleged right of political boycott is being put into practice in Honolulu by a few narrow-minded men; that the committee of five will visit the Island of Molokai next Saturday; that the Trustees of the Library will meet to-night; that the report about the steam laundry closing up is unfounded; that the facile point of the editor's pen is generally used for concealing truth, which it would not do to tell; that policy makes cowards of wise men; that the new restaurant will prove a success; that taro flour poi is a sure preventative of typhoid fever; that one of the restaurants will "go under" shortly; that the Kinaiu will bring some startling news from Hawaii—probably; and that the German schooner Mary C. Bohm will never arrive here.

Annual Examination.

The annual examination of the Kawaiahae Female Seminary took place yesterday afternoon in Kawaiahae Church, the exercises commencing at 1:30 P. M. The large building was filled with an interested audience, amongst whom were H. R. H. Princess Liliuokalani, and H. R. H. Princess Kaiulani, the Ministers of the Crown, Nobles, and members of the Legislative Assembly, and many other friends and supporters of Hawaiian education. The large pulpit platform had been cleared, for the occasion, and the scholars numbering at present ninety-three girls, from tiny ones of four years of age to young ladies of "sweet sixteen," were grouped upon the platform, during the singing of the opening chorus "The Lord is King," and very pretty and neat they looked in their pretty white dresses. The Rev. S. E. Bishop delivered a prayer which was followed by a song "He Careth for you," the voices being led by Miss Quin Sing who presided at the organ during the exercises.

There was then a concert recitation of Bible verses, the scholars showing that they had been carefully trained in memorizing the words of the Good Book. The following exercises consisting of class Bible recitations and singing were very creditable. The arithmetic class was very bright and quick, the exercises embracing doing of sums in addition, subtraction, and multiplication brought out the fine training of the pupils, and won deserved applause. A duet and chorus "God speed the right," was sweetly sung; while the music lesson and song by Miss Alexander's class was a great success. Under the method of instruction followed the class showed that they were entirely familiar with written music, reading and sounding the notes written on the blackboard without hesitation. The lesson was much applauded.

A very interesting lesson in Hawaiian geography was recited by Class "A." One and all of the scholars showed themselves familiar with the geography of their native country and the audience evinced their appreciation of the care taken by the teachers in this branch of study. After other songs and class recitations a lesson in Physiology was gone through with, the pupils naming the different parts of the human body and the functions of various organs promptly and correctly. They also described the effects of alcohol and tobacco upon the system in a graphic and, no doubt, truthful manner. A Chorus, "Bringing in the Sheaves" was then sung, after which the "little ones" in the school gave recitations and Kindergarten songs.

Rev. Dr. Hyde, as one of the trustees of the seminary then thanked the audience for the interest they had evinced during the exercises, and hoped and believed that they all appreciated the labor of the teachers who had brought the seminary forward to its present high state of efficiency and usefulness. The reverend gentleman wished that all could witness the daily routine of labor in the school buildings

of which the day's exercises were a fair example—and also examine the arrangements made for the health and comfort of the scholars. He was quite sure that if any persons on earth deserved to be called saints and martyrs they were those who had the care of such schools as this. Miss Alexander, the Principal, and Miss Malone, Assistant Principal, now found themselves obliged to take a sea voyage for the benefit of their health which had become impaired by their close attendance to their duties.

His Excellency Mr. Gibson, President of the Board of Education spoke briefly of the interest he had always taken in this admirable school, which was caring for, and training the future mothers of the Hawaiian nation.

Hon. Noble Bishop also said a few words in commendation and praise of this, the pioneer girls' school of the Islands.

The audience then adjourned to the grounds about the church and witnessed a calisthenic exercise performed by about forty of the girl pupils, neatly dressed in a uniform of brown linen trimmed with red. To the sound of a drum beaten by one of their number, the corps of young girls went through a number of graceful evolutions with great precision and ease. A large number of the friends of the pupils afterwards visited the Seminary buildings and examined every department. All were highly pleased with the order and neatness displayed everywhere, and wished every success to the Kawaiahae Female Seminary.

The Secretary of the Honolulu Library and Reading Room Association, Mr. H. A. Parnelle, announces that there will be a regular meeting of the Trustees of the Institution at the Library Hall, this evening, at half past seven o'clock.

Hawaiian Poi Song

(Suggested after eating a calabash of Poi made out of Taro Flour.)

Oh! root nutritious,
Oh! food delicious,
To thee, my muse shall sing,
I'll have no hash
In my calabash;
Unfit for queen and king.

Chorus. *Taro, Taro,*
Thou art my bone and marrow,
Poi, Poi,
Thou art my life, my joy.

With diligence
I made my fence,
Inclosing all my farm.
With Taro I set
In soil quite wet
And keep from any harm.

The tropic sun
In joyous fun
Comes dancing down on thee,
I lay like sloth
And watch thy growth,
Till ripened thou mayst be.

I raise thee then
From out this pen
To cleanse and trim thee fine.
In largest pot
I put the lot
And boil thee for a time.

I thee then mash
In clean calabash
With water and savor and spice,
Then to my joy
For this is Poi
I taste and find 'tis nice.

Delicious food
For my young brood
To grow and thrive and fat on,
The young rogues come
Full on the run
And always eat with hat on.

In ring we squat,
Around our pot,
To take our fine repast.
With hungry haste
We seek to taste
Each fearing he'll be last.

With dextrous turn,
From pot or urn,
We raise our "natural spoon."
Then, without lips,
Resounding sips,
We clear it very soon.

'Twas thus did sit
Our Potentate,
Our King of long ago.
Then why should we
Feel less than he
When eating poi so.

American
Or say man,
May do as he may choose.
But, as for me,
I ne'er could see
Why they the Poi refuse.

Let others think
Or even blink,
At what I've said of Poi.
But I maintain
Forever the same,
It is my living joy.

The best of Poi
I here do "say,"
Is made of Taro Flour,
And when 'tis done,
It is great fun,
To eat it by the hour.
